Dear Tahlia,

Further to our Legal phone conference on the 19th September 2023,

It was actually Great to speak to you today; I am so glad we were able to move forward.

More so in clearing up the assumption that you had indeed received the previous (5x) legal disc's dispatched to you & your offices, *I hope that you are able to locate them.*

I actually have a good vibe & feeling in your offices handling my case, I really do!

Late news:

Leaving the Visit centre area swinging past the Unit Supervisors office upon my return back to the wing, I enquired into 'what the current position was' with my U. S. B's copied.

And was informed, that the 'material exceeded the U.S.B storage capacity', I said it had come under 16GB, but apparently this' is deceptive' in what it truly is able to accept.

It accepts 14.9 GB, you reckon my gut didn't churn!

My eyes were rolling around, giving em all dirties, was NOT HAPPY at all!

They tried in vain to appease me, I had to walk away to compose & consider my OPTIONS!

I had asked why can't they shrink it, they tried this, but it also effects the quality of images.

I went back to my cell to consider, sick in the gut, went back to reducing last Indictment 4.

Being the Atak storage related charges as was biggest of all 2.17GB, which needed to be done for completion, and was the last one that took the longest of all, 3 weeks alone!

And in reducing the times set on each card displayed will 'erode the quality of the view'.

So, I am thinking outside the square, having the first (10x) listed, remain on the U.S.B, with the last No.11. Charge 4. Indictment C11434997.4, Atak charges. Burnt separate on a Disc.

Otherwise, to order a 32 GB U.S.B, will take over a week to arrive, which I can't afford to.

So hopefully everything is ALL WRAPPED UP tomorrow & dispatched to you in the mail.

We will stick with game plan discussed, ball is NOW in your court to reschedule legal Zoom.

I am brutal, direct & don't sugar coat things, 'SAY WHAT I FEEL & HOW IT IS'!

This is clear, in the correspondence to those identified recipients on the legal 16 GB U.S.B, I am sick of being 'victim of the obscene miscarriage period'! It certainly is 'entertaining'!

Till then take care & thank you & a BIG thank you to Mathew also please.

Yours Sincerely

Chris Binse/Pecotic 43517.
